

## Chapter 10 Web Resources

---

### Module 30: Land Management Practices

**Teaching Tip:** Video (p. 342)

*Prescribed Burns in National Parks*

**Run time: 2 minutes 13 seconds**

[http://www.youtube.com/watch?v=jLhudH5\\_GWY](http://www.youtube.com/watch?v=jLhudH5_GWY)

This brief video, produced by the Padre Island National Parks Service, describes the importance of conducting prescribed burns. The video also shows students that prescribed burns are important for recycling nutrients back into the ecosystem to enhance future growth of native species.
